

Dear Members,

In response to the recent outbreaks of the Coronavirus and the testing of two students at Miami University, RNA/ONA has issued a formal information request to UC Health, surrounding the Medical Center's infectious disease preparedness.

Our goal is to ensure, that we as nurses are prepared and given the proper education, equipment, and tools to not only safeguard our health and safety but that of our co-workers and patients at the University of Cincinnati Medical Center.

Please click on the link provided by our National Affiliate [AFT - American Federation of Teachers](#) to their Coronavirus Resources fact sheet.

https://www.aft.org/sites/default/files/fs_coronavirus.pdf

Share this email with your co-workers, friends, and family so they may access the factsheet.

In Solidarity,

Michelle, Tina, Kelly, and Mariama
